FRETABLADID

FEATURE NOTES

The Icelandic newspaper introduced Flosion as multipurpose furniture by Sydney designer Amy Tang. It notes that the pieces can work as chairs, a bench or a table, and highlights quality materials and lasting design.

Þetta ætti að koma sér vel í eldhúsi þar sem pláss er lítið.

Þessar einingar, eftir hönnuðinn Amy Tang frá Sydney, bera heitið **Flosion** og þær má nota með ýmsum hætti.

Einar og sér geta þær nýst sem stólar en sé sessan tekin af er komið borð. Sé einingunum stillt upp í röð verður úr hinn finasti bekkur.

Einingarnar hafa vakið athygli víða um heim en Amy leggur ríka áherslu á gæðafnivið og klassíska hönnun sem á að standast tímans tönn.

Sessurnar fást meðal annars í hvítu og brúnu og má sjá fleiri samsetningarmöguleika eininganna á <http://www.woodmark.com.au/designer.asp?dID=45>
